

Let's Pave the Path to Play!

Mary, Mary, quite contrary, how does your playground grow?
With shiny slides and swings that glide,
And pretty bricks, all in a row.

The Ladue Parents' Association is delighted to launch, *Paving the Path to Play*, a capital campaign designed to help fund the playground at the new Ladue Early Childhood Center.

The new building offers LECC families a terrific suite of new resources and amenities designed to foster socialization and learning... with one big gap: we need an age-appropriate and robust playground. The Ladue School District has earmarked funds to help build the playground but we also need to raise additional money independent of school district funds. This is a crucial project and requires support by each and every LECC family!

All donations are tax deductible.
We appreciate your support!

BRICK OPTIONS:

8 x 4 engraved brick: \$ 50

8 x 8 engraved brick: \$100

Able to give more?

We will be launching a Playground Honor Roll in the fall. Families who donate additional funds will also be recognized on a special plaque in the school.

Paving the Path to Play offers a tremendous opportunity for you to support LECC and cement your family's presence at LECC for a lifetime!

Purchase a brick:

- To honor your children
- To memorialize your family
- To celebrate your child's teachers
- To promote your business!

The bricks are an inexpensive way to contribute to the future success of LECC and to ensure your children have a safe and nurturing outdoor play environment!

"The playground is an essential part of any school and every community. Children spend many hours of their day occupying themselves with what the playground has to offer...What kids really want is to play with others."

Dr. Robin Chernoff, Director of Family Behavior Clinic, Johns Hopkins University
