Established in 1938, the Paulsboro Sportsmen's Association has an 80+ year tradition of serving the Paulsboro community in civil service, volunteerism, and comradery. The club is in the process of completely renovating the yard between the building and the river. The renovation includes moving the flagpole, building a new, outdoor bar area overlooking the river, and paving the space between the deck and the fence. As a tribute to members both current and past, the new paved area will feature engraved bricks dedicated to members and/or their loved ones. Each brick will be a standard 4x8" and feature up to 3 lines of text. Because of the limits of the engraving process, space is limited: see the template below for guidelines. In addition to lettering, dedications may include military emblems or the club logo. Engraved bricks will be featured in the paved area between the clubhouse and the river, with a special tribute area to our military veterans arranged near the flagpole. This memorial will a tribute to the membership of the Paulsboro Sportsmen's Association for decades to come.
